

Ashley Junior School

## Arts week 2016

2016 Arts week theme is celebration! Please can you support your child in generating ideas for a bunting design that will then be recreated on a piece of bunting fabric during arts week. Every child in the school will be designing a bunting flag (front and back) as part of a collaborative project. Mrs Holmes, a Year 6 parent, has kindly offered to supply the fabric so that it can be displayed in the school hall altogether.

Just like a snowflake or a fingerprint, every child is unique in their own special way. Can you work together to create a design that celebrates what is special about your child.

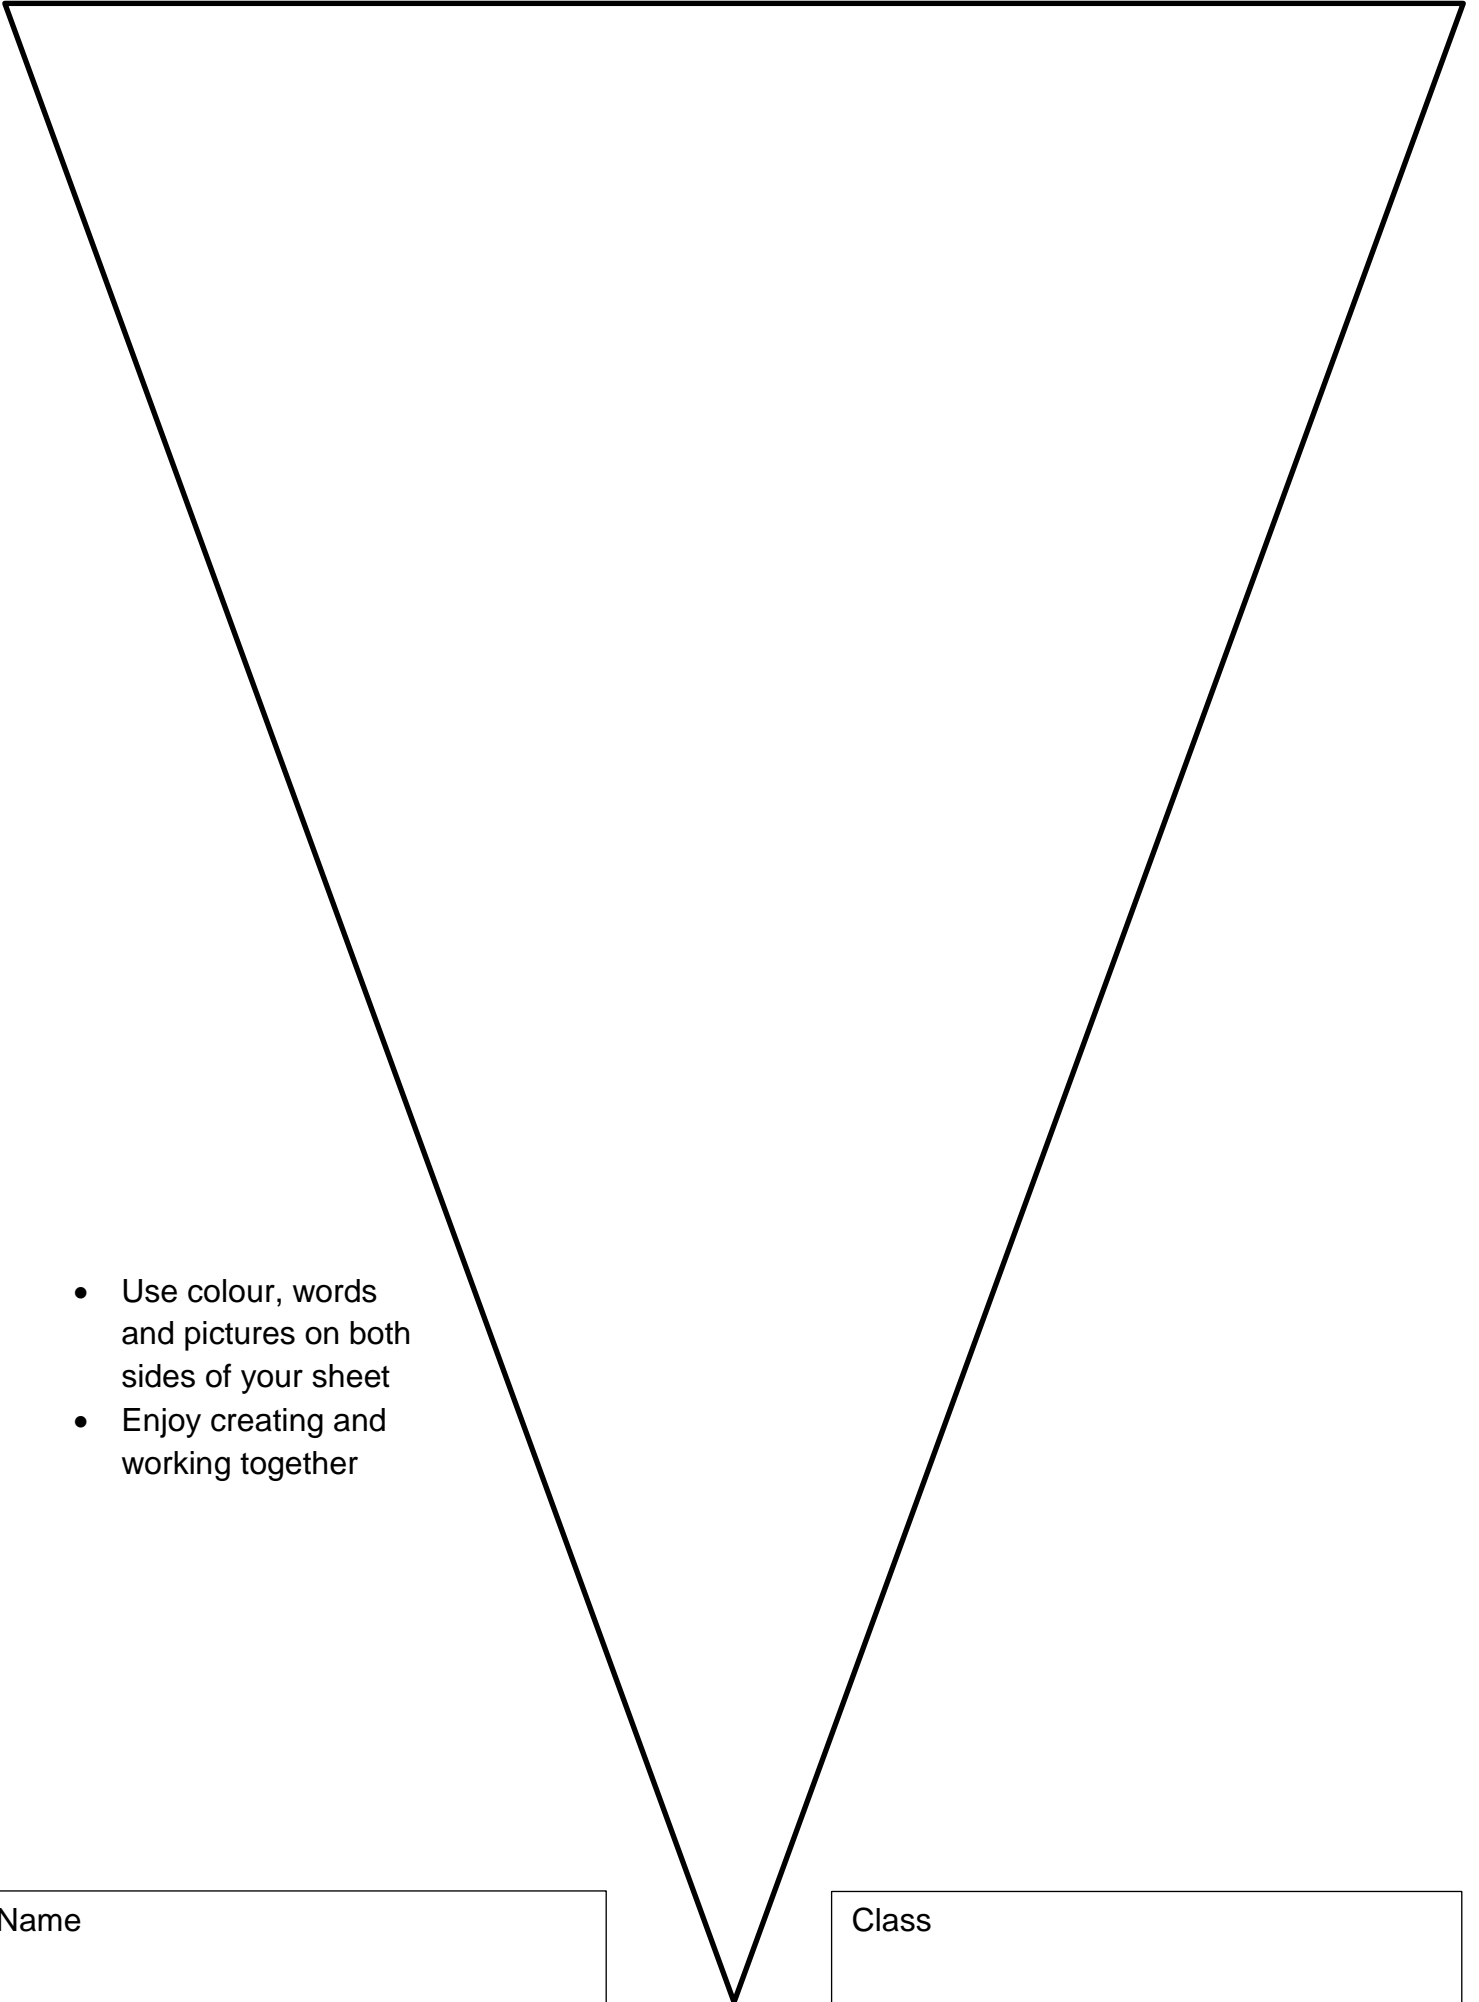

Please can these be back in school by 18<sup>th</sup> November 2016. Thank you for your support and time that you take to work alongside your child to celebrate their unique qualities and all that is special about them.
