

Monday 31st October 2016

Dear Year 6 Parents / Carers

Year 6 booster swimming lessons 2016

Firstly I would like to acknowledge all of the parents/carers whose children can swim 25m and in many cases much further. I appreciate this takes considerable commitment over a long period of time to achieve this.

For those children who cannot yet swim 25m (one length) unaided there will be an opportunity in January to be taken swimming during school time at New Milton Leisure Centre.

If your child requires these free booster sessions there will be an expectation that you support them by giving them the chance to swim outside of their lessons. This will help maximize their progress and final results.

Please could you complete the reply slip below and return it to the School Office by **Friday 4th November** to allow us to plan these sessions.

Yours faithfully

Mrs Miller
