

1st February 2017

Dear Parents

To support our Learning in our current topic 'Space – The Final Frontier' Robins Class will be going to Winchester Science Centre. This will take place on Friday 3rd March. The children will be travelling either by school minibus or in a staff member's car and will leave promptly at 9am and return at 3:15pm.

As well as having time to explore the Centre, the children will have a workshop to learn about the planets in our galaxy. We will have lunch at the Centre and children will need a packed lunch on that day. If your child receives free school meals then a packed lunch will be provided.

The school will require a voluntary contribution of £10.25 per child. This covers entrance fees and the minibus cost. The deadline for the payment is **Wednesday 15th February 2017**. Please make payment via your child's online account www.scopay.com. As this contribution is voluntary, neither you nor your child will be treated differently if you are unable to contribute. However, please note that without all such voluntary contributions, this visit may have to be cancelled, as the school is not in a position to provide further financial support.

The children will need to wear their usual school uniform and bring a coat as there is an outdoor play area which we may be able to use. They do not need to bring their book packs on that day. There will be no opportunity to spend money so there is no need for any child to bring money on the trip. Also, no phones, cameras, etc. are needed so please do not allow these to be brought for the trip.

As you have already signed the annual trips consent form there is no need to send in a permission slip for this trip.

If you have any further questions do get in touch.

Thank you

Nicky Harling – Class Teacher, Robins
