

September 2016

Dear Parent/Carer

## Booked Year Groups Day Trips & Whole School Events 2016-17

We are writing to inform you of the exciting opportunities and events that we have planned for the whole school and individual year groups to bring to life our curriculum topics.

At this stage this is for information only, to help you plan for the contributions due.

The school is not allowed to make a profit from visits. The contribution figure that has been set aside for each year group per pupil is to cover travel, entrance fee and workshops (if applicable). Without sufficient contributions trips will have to be cancelled. We hope that we have your support with the trips to enable your child to benefit from the enrichment we believe they provide.

The school will write to you again when each individual trip takes place informing you of the day's events, what your child will require for the trip and how to make your contribution.

Please find attached a consent form for school trips and offsite activities 2016/2017. This will need to be completed and returned to the school office immediately. Year 3 children had this form in their welcome packs, so Year 3 children do not need to complete this.

Trip	Date
