

Ashley Junior School

Aspiration • Resilience • Respect • Responsibility

20th April 2018

Dear Parents/Carers,

Our volunteer groups have done some fabulous work in the grounds already. We have another request for help on an exciting project.

We want to refurbish and develop the quad area. We have worked alongside Simon Hemsley - who helps manage the woodlands and activities at Hobourne Bashley and a good friend to the school - to create plans to make the quad area an effective place for learning, growing and reflection.

We would like to meet on **Tuesday 1st May at 9:00am** and possibly work through until the end of the school day. Simon has drawn some plans and he will be coordinating us. It will involve some dismantling, some painting and an awful lot of digging! We will see how far we get on the day. It would be helpful if you could bring a range of tools with you:

- Wheelbarrow
- Electric/petrol powered trimmers
- Shears
- Secateurs
- Spade
- Fork
- Rake

We are grateful for any support we receive and perfectly understand if you can only stay for a short period. We also appreciate that people have jobs and are not able to make it on these occasions.

If you are able to help, could you please complete the form below and return to the school office. If you wish to discuss this further or have any questions please do not hesitate to contact me.

Yours faithfully,

Mr Covey
Site Manager
