## Year 3 Transition Questionnaire 2018

We are always looking to make all aspects of our school even better. We have worked hard to develop the transition arrangements from the Infant School to the Junior School and would like your support in assessing how well it went from your perspective, and if there are things we could do that would improve it further. We have worked closely with the Infant School – visited classes on numerous occasions, held discussions with Year 2 teachers, had the children visit the Junior School – as well as holding an Induction Evening for parents. The curriculum on arrival is focused very much on setting expectations and ensuring children feel comfortable in their new surroundings.

Please take the time to complete the questionnaire below and return it to the class teacher by **Tuesday 6<sup>th</sup> November**. Thank you for your cooperation and support.

Name (Optional)..... Child's class.....

	Agree	*Disagree	Don't know
My child is settled at AJS			
The transition activities helped my child to feel confident and ready for life at AJS			
Staff have been supportive and helped my child to settle quickly			
The Parent's Induction gave me a good picture of life at AJS			

\*Please help us by outlining why you disagree with any of the statements on the back of this questionnaire or with an attached piece of paper.

<b>Which elements do you think were most successful?</b>
<b>Is there anything that would make transition better?</b>
