

Ashley Junior School

Aspiration • Resilience • Respect • Responsibility

Dear Parent/Carer of:

Remote Learning

We are hopeful that the situation will not arise where we have to make a 'bubble' isolate because of coronavirus. We have however been preparing just in case. Your child's log in to Google Classroom is below. Attached to this letter is a document outlining what we will provide should we have to go to Remote Learning (Remote Learning Support).

Your child will have had an opportunity to log on in school and now we want to rehearse accessing the platform at home so we can troubleshoot and identify any concerns. Please click the following link <https://accounts.google.com/>

Your child's log on details are below:

Username:

Password:

Once you are logged on to Google Classroom with your child please complete the small piece of learning provided there for them. We would then like you to complete a short feedback questionnaire. Please click link <https://tinyurl.com/y6c9dtzh>
The completion of the questionnaire is important for us. It will enable us to see how easy access is and whether we need to make adjustments or provide further information. **We ask that the questionnaire is completed by 12.00 noon on Tuesday 13th October.**

As always, if you have any concerns that cannot be voiced on the questionnaire, do not hesitate to contact us. Thank you for your cooperation and help with this – we look forward to seeing your responses.

Yours faithfully,

IAN RIX
Headteacher
